

IMPORTANT NOTICE

Jesus Ministries is seriously concerned over the increased number of scam/fraud cases brought to its attention regarding partners and believers of Christ being lured into giving financial donations or payments in return for prayers and personal prophecies. And with the improved and sophisticated application of modern computer and electronic technologies, the risk of people becoming victims to these fraudulent activities has also increased.

Jesus Ministries wishes to educate our precious partners and believers of Christ that Sadhu Sundar Selvaraj or any branch of his ministries will never ask for monetary assistance, donations, subscriptions or any financial benefit of any sort through online posts and comments on social media platforms. Any Facebook personal message, YouTube comment or WhatsApp message asking for money is a SCAM. Sadhu Sundar Selvaraj also DOES NOT have any personal Facebook account, YouTube channel or WhatsApp number.

However, if Sadhu Sundar Selvaraj would like to encourage you to contribute financially for the extension of God's work, he would do so through our official media channels. For more information on the official social media channels, you may visit the Jesus Ministries website. Please do not contribute directly to any of the scammers through unofficial channels that are not stated in the [Jesus Ministries website](http://www.jesusministries.org). If you have any doubts, DO NOT donate but instead, call our offices around the world to seek clarification.
